Tulare Supervisor Chief Raps Krebs On Mineral King

VISALIA — Rep. John Krebs has come under criticism from Robert Harrell, chairman of the Tulare County Board of Supervisors, for his opposition to the development of the Mineral King Valley.

A Mineral King ski resort has been proposed by Walt Dinsey Enterprises.

Harrell said Krebs should have consulted with officials in the county before issuing a statement opposing the proposed development of the area.

He said Krebs should also have held public hearings in the county to learn the feelings of his constituents before making the decision to oppose the development.
